SERVICE INFORMATION BULLETIN

APPLICABILITY: 2017-18MY Impreza
2017-19MY Crosstrek

NUMBER: 06-75-20

DATE: 05/15/20

SUBJECT: WUR-03R Brake Hose Ordering Information

INTRODUCTION:

This Service Information Bulletin is intended to clarify the proper ordering procedure to use in the rare case when an individual brake hose component of the WUR-03R Service Campaign kit is needed.

PART INFORMATION:

The WUR-03R Brake Hose Kit part numbers are:

- **26592FL000** (Impreza)
- **26592FL010** (Crosstrek)

IMPORTANT: When performing the WUR-03R campaign and the need for an individual brake hose included in one of the above listed kits arises (e.g. missing, damaged etc.), **a complete replacement WUR-03R brake hose kit must be ordered.** DO NOT order the individual brake hose listed in the Electronic Parts Catalog to complete the repair kit.

SERVICE PROCEDURE / INFORMATION:

REMINDER: Customer satisfaction and retention starts with performing quality repairs.

The WUR-03R Service Campaign service procedure remains unchanged. Always refer to the applicable Service Manual and review the full requirements of the repair being performed. The Service Manual procedures contain information critical to performing an effective repair the first time, every time. This includes but is not limited to: important SAFETY precautions, inspection criteria, necessary special tools, required processes and related one-time-use parts needed for a complete and lasting repair.

IMPORTANT REMINDERS:

- SOA strongly discourages the printing and/or local storage of service information as previously released information and electronic publications may be updated at any time.
- Always check for any open recalls or campaigns anytime a vehicle is in for servicing.
- Always refer to STIS for the latest service information before performing any repairs.

CAUTION: VEHICLE SERVICING PERFORMED BY UNTRAINED PERSONS COULD RESULT IN SERIOUS INJURY TO THOSE PERSONS OR TO OTHERS.

Subaru Service Bulletins are intended for use by professional technicians ONLY. They are written to inform those technicians of conditions that may occur in some vehicles, or to provide information that could assist in the proper servicing of the vehicle. Properly trained technicians have the equipment, tools, safety instructions, and know-how to do the job correctly and safely. If a condition is described, DO NOT assume that this Service Bulletin applies to your vehicle, or that your vehicle will have that condition.

Subaru of America, Inc. is ISO 14001 Compliant

ISO 14001 is the international standard for excellence in Environmental Management Systems. Please recycle or dispose of automotive products in a manner that is friendly to our environment and in accordance with all local, state and federal laws and regulations.
