

## Brake System Warning Light Is On and Warning Message with No DTC

### AFFECTED VEHICLES

Year	Model	Trim Level
2022	MDX	ALL

Clients are reporting the brake warning lights are on and a brake warning message that says "BRAKE SYSTEM Brake system problem. Brake performance may be reduced. See your dealer," is displayed in the MID. The complaint is typically reported to occur at start-up or when shifting into reverse. Do an all DTC check. If related codes are present, follow the appropriate troubleshooting. If no related DTC codes are present, confirm the client is not experiencing any brake performance issues. This issue is currently under investigation and there is currently no recommended repair.
