**Important Notice:  
Warranty Extension for CVT Parking Brake Switch  
certain 2012-2018 MY Legacy, Outback, Impreza, Crosstrek, WRX and Forester vehicles**

Dear Subaru Owner:

As part of Subaru of America's dedication to customer satisfaction, this letter is to inform you of an extension to the Basic New Car Limited Warranty for your vehicle's CVT Parking Brake Switch.

There have been isolated customer concerns of not being able to remove the key from the ignition switch when the vehicle is in park. The cause is contamination of the Park-Range switch internal components.

Please note this is not a recall and it does not impact the safety of your vehicle. If your vehicle is operating as expected, you do not need to take your vehicle to a Subaru retailer for repairs.

**NOTE: No action is required by you to receive the benefit of this warranty extension. The extension has been automatically applied to your vehicle.**

**CVT Parking Brake Switch Warranty Extension**

The CVT Parking Brake Switch Warranty Extension extends the vehicle's original Basic New Car Limited Warranty *only* in the instance where there is a concern the key cannot be removed from the ignition when the vehicle is in park.

**For all vehicles listed above:**

- A one-year coverage period is available for all eligible vehicles listed above regardless of mileage and warranty start date and is effective now through October 31, 2022.
- The coverage period extends the vehicle's Basic New Car Limited Warranty as it applies to the CVT Parking Brake Switch to eight (8) years/ unlimited mileage.
- Inspections or repairs under this coverage period must be completed prior to the expiration of that eight-year period.

Only if you have a concern with the key getting stuck in the ignition when the vehicle is in park would you need to schedule an appointment with an authorized Subaru retailer.

If you have questions about this notice or need help contacting an authorized Subaru retailer, please contact the CVT Parking Brake Switch Warranty Extension Hotline at 877-551-7149. ### **Reimbursement Eligibility**

- You may be eligible for reimbursement if, prior to receiving this notice, you paid to have your vehicle's select lever repaired or replaced when the key could not be removed from the ignition switch due to the following the expiration of the original Basic New Car Limited Warranty period of three (3) years or thirty six thousand (36,000) miles, but before the announcement of this newly extended warranty period of eight (8) years/ unlimited miles.
- You must have paid an out-of-pocket expense for a repair that would have been covered had it occurred during the warranty coverage period. This includes any deductible expense or partial reimbursement for repairs.
- If you have been previously reimbursed by SOA or one of its retailers for partial coverage of this repair, only the portion that has not been reimbursed is eligible for reimbursement.
