

2023MY Super Duty  
(ECG)  
5.1.1

There's some good stuff here.

In this update, adjustments have been made to prepare your vehicle for some exciting updates coming soon.

Don't forget to enable automatic updates and set a reoccurring update schedule in your vehicle's screen display as soon as possible to ensure you get the latest technology. All over-the-air.

Many of the updates happen seamlessly in the background – others will look to your preferred schedule so your vehicle updates while you're at work, bingeing your favorite show, or sleeping. You'll be notified once the updates are complete.

Ford Power-Up delivers software updates that are designed to help make your Ford Super Duty® truck better over time.
